

Social Justice Captains

This year we are going to be the St Mary's Social Justice Captains of 2017. Being a Social Justice Captain is an important role because we believe that everyone deserves to have their own rights and opinions at St Mary's Primary School. Social justice is the fair and just relation between the individual and society.

Some of the duties we will be doing as Social Justice Captains is continuing to make the school a happy and safe place, raise money for people who are less fortunate, prevent bullying and making sure everyone is treating each other how they would like to be treated.

Some of our personal goals for this year are:

Lahlia: "My focus will be on making sure everyone is being treated equally and fairly."

Suzie: "My goal is to run more fundraisers and raise more money for the less fortunate."

Will.R: "My goal is to encourage students to donate more often to charity."

Isabella: "My goal is to make sure every fundraiser is well promoted and is successful"

Grace. R: "My aim this year is to make sure everyone is safe, happy and kind.

Jessica: "My focus will be to prevent bullying out on the school yard."
